CUBAN RESOLUTIONS

Belligerent Rights For Cuba Again Before the Senate.

DECREASE IN THE PUBLIC DEBT.

Amendments to the Arbitration Treaty Disposed Of, but No Date Fixed For Final Vote - Butterworth Nominated For Commissioner of Patents - Other Washington News.

WASHINGTON, April 2.—The Cuban question was revived in the senate yesterday after a long period of comparative calm. Four distinct Cuban resolutions were brought forward in rapid succession. The last and most important one came from Senator Morgan of Alabama. It declares that a state of war exists in Cuba and announces the policy of the United States to accord both parties to the conflict full recognition as belligerents. Mr. Morgan gave notice that he would call up the resolution at the next meeting of the senate with the expectation of securing final action. Of the other resolutions two were agreed to. One of these, by Mr. Morgan, calls on the President for the letters of General Gomez to himself

BENJAMIN BUTTERWORTH.

and Mr. Cleveland and for other information on Cuban affairs. The other, by Mr. Mills of Texas, instructs the committee on foreign relations to report what obligations the United States has assumed by compelling Cuba to remain subject to Spain. Both resolutions were passed without opposition. Still another resolution came from Mr. Allen of Nebraska, and proposed a protest against the reported purpose of the Spanish authorities to try General Ruiz Rivera, the Cuban officer, by military drumhead court-martial. This led to an animated controversy between Mr. Allen and Mr. Hearst. The latter criticized "inflammatory resolutions" and declared that the freedom of Cuba had been retarded mainly by the "prodding" and "goadings" resolutions directed against Spain. The resolution went over to come up with the resolution for the recognition of Cuban belligerency at the next meeting.

MR. KINLEY'S PRESENTS.

Number of Nominations Sent to the Senate by the President.

WASHINGTON, April 2.—The president yesterday sent to the senate the following nominations:
Andrew D. White of New York, to be ambassador extraordinary and plenipotentiary to Germany.
William F. Draper of Massachusetts, to be ambassador extraordinary and plenipotentiary to Italy.
Chandler Hale of Maine, to be secretary of the embassy at Rome, Italy.
Samuel L. Gracy of Massachusetts, consul at Fuchan, China.
Benjamin Butterworth of Ohio, to be commissioner of patents.
Oliver L. Spalding of Michigan, to be assistant secretary of treasury.
William B. Howell of New Jersey, to be assistant secretary of treasury.

CONFIRMATIONS.

WASHINGTON, April 2.—The senate in executive session has confirmed Anson Burlingame Johnson, to be United States consul at Amoy, China; Charles Maguire Tower of Pennsylvania, to be minister to Austria-Hungary; William S. Hallenberger of Pennsylvania, to be second assistant postmaster general; Alexander Montgomery Thackara of Pennsylvania, to be consul at Havre, France.

ARBITRATION TREATY.

Senate Disposes of Amendments But Sets No Date For Final Vote.

WASHINGTON, April 2.—The senate in executive session concluded its consideration of all amendments to the arbitration treaty late yesterday. Only two amendments were adopted, except some making verbal changes. Of those, one, offered by Senator Bacon, exempts the claims against Southern States from the operations of the treaty and the other, introduced by Senator Morgan, eliminates Article 8 of the treaty.
An interesting incident of the session was Senator Chandler's refusal to agree

to a final vote on the treaty. He called attention to the press dispatches in regard to the situation in Crete, and said that he did not feel disposed to enter into negotiations with any power whose agents were trained upon a community of Christians struggling to throw off the yoke of Moslemism. He also spoke of England's conduct toward the Boers of the transvaal as deserving of condemnation and a cause for hesitation in the present negotiations. He said he would probably in the end vote for the treaty, but that he was not in the mood for it at present. No day was fixed for final vote.

Seeking Information of Steep.

WASHINGTON, April 2.—The state department is making every effort to get news of the whereabouts of E. W. Steep, correspondent of a Cincinnati newspaper, who has been missing for some time in Cuba. Every rumor that reaches the department is sent at once to Consul General Lee, who investigates it immediately.

PUBLIC DEBT.

Statement Showing a Decrease For the Month of March.

WASHINGTON, April 2.—The monthly statement of the public debt shows the debt, less cash in the treasury, amounted to \$1,009,962,200, a decrease for the month of March of \$8,689,254. This decrease is accounted for by a corresponding increase in the amount of cash on hand. The debt is recapitulated as follows: Interest bearing debt, \$847,864,950; debt on which interest has ceased since maturity, \$1,355,760; debt bearing no interest, \$877,287,096. Total, \$1,226,007,806. This, however, does not include \$607,702,473 in certificates and treasury notes outstanding and offset by an equal amount of cash in the treasury.

Japan and Argentine Protest.

WASHINGTON, April 2.—Japan and Argentine are the first governments to make formal expression of dissatisfaction with the pending tariff bill. The Japanese minister regrets the adoption of the silk schedule, which, without promising to help out the United States manufacturers, seriously threatens the trade Japan has built up in this country at great expense. Argentine protests against the proposed duty on hides and other raw materials coming from that country. It is pointed out that when hides and wool were placed on the free list Argentine reciprocated by placing lumber from the United States on the free list, as well as reducing the duties on other imports from this country.

BRIGADIER GENERAL WHEATON.

It is Believed that He Will Succeed Major General Ringer.

DENVER, April 2.—Brigadier General Frank Wheaton yesterday received a telegram from the war department asking him if he would prefer to move to Chicago and take command of the military department of the Missouri or remain in Denver during the remainder of his term of service. This telegram is taken to be a positive indication that General Wheaton will be made a major general to succeed Major General Ringer who reaches the age of 64 today. General Wheaton replied that he would prefer to remain with the department of Colorado.

THE DEPARTMENT OF THE MISSOURI.

The department of the Missouri is a major general's command and if General Wheaton had longer to serve he would accept the post, but as he goes upon the retired list early in May he believes that it would be more acceptable to the authorities to order to Chicago the brigadier general who will be promoted to the next vacancy in the higher grade.

MAY GIVE HIM A VILLA.

President McKinley May Be Given a Summer Home by His Admirers.

PROVIDENCE, R. I., April 2.—It is possible that President McKinley may pass his summer vacation in Rhode Island, at Narragansett Pier. A number of the prominent real estate owners at the pier, and whose winter homes are in New York, Philadelphia, Baltimore and Washington, are considering the purchase of one of the best located and most attractive Pier villas and of giving it to President McKinley, either for a stated period of years or for a quitclaim deed, as may best meet his approval. The matter has been seriously entertained, and something definite is expected from it within the next three days.

WILL NOT WITHDRAW.

Hunter Will Remain to the Finish Unless the Caucus Says No.

FRANKFORT, Ky., April 2.—Several pairs between members of opposite parties or factions were arranged by the respective steering committees last night for members who want to spend Sunday at home and nothing of an exciting nature is expected in the senatorial fight before Monday, at least, as either side could defeat an election by breaking a quorum. Dr. Hunter's friends assert positively that he will not withdraw unless by request of a majority of the caucus. The third district silver Democrats who have been importuned by some of their constituents to vote for Hunter for local reasons, have given notice that they will not vote for any Republican.

GENERAL RIVERA.

Insurgent General Will Probably Be Shot Tomorrow.

HAVANA, April 2.—There is now little doubt that Rivera will be court-martialed and shot tomorrow. Guana, in Pinar del Rio, has been taken by the Cubans, and a Spanish garrison of 88 killed. The city was recaptured by the Spaniards after three days' fighting. The Cubans burned the town, which was finally evacuated. The whole Spanish loss was 313. Colonel Dehon, a Frenchman in the Cuban army was killed.

Journalist Goes to Prison.

MANCHESTER, N. H., April 2.—Dr. J. C. Moore, ex-financier, journalist and politician, was late yesterday sentenced to four years at hard labor in the state prison, two years for perjury and two years for fraudulently recording stock of the same company.

HOW THEY VIEW IT

New York Chamber of Commerce Acts on the Dingley Bill.

RATES REGARDED AS EXCESSIVE.

Thinks the Tariff Should Be Conservative and Not Such as to Provoke More Agitation—Calls on Business Organizations to Express by Resolution Sentiment on the Measure.

NEW YORK, April 2.—At the meeting of the chamber of commerce yesterday the committee on foreign commerce and revenue laws submitted the following report which was almost unanimously adopted: "Your committee have not felt called upon to undertake a comparison of the changes proposed in the pending tariff bill in view of its voluminous character. They deem it sufficient to call attention to the very material increase in many of the rates contained in the bill. These changes, together with other new features introduced by the framers, will affect the entire business interests of the country to a very marked extent, and call for the thoughtful consideration of this chamber.

"It is the opinion of your committee that the business men of this country desire nothing more earnestly than an extended period of rest and cessation from continued tariff agitation and tariff changes. They realize the fact that the party in power is committed to a change in the tariff in the direction of greater revenue and of higher protection. They demand, however, that whatever rates and systems of taxation are adopted, they shall be so reasonable and conservative, and shall so commend themselves to the majority of the intelligent voters of the land, that the tariff finally adopted may be regarded as settled, and not provocative of an early reaction, rendering all business calculations and enterprises uncertain and hazardous, retarding prosperity and affording a welcome opportunity to the advocates of free silver coinage and disastrous financial schemes for the spreading of their peculiar doctrines."

The committee then offered the following resolutions, which were adopted:

Resolved, That the chamber of commerce of the state of New York express its earnest conviction that the tariff bill now before the house of representatives is many of its provisions is excessively high and likely to invite reaction harmful to business and to the best interests of the country, and that it should be carefully revised in the direction of a reduction of rates of duty proposed, to the end that a system of tariff taxation may be adopted that shall be reasonably permanent, and that shall insure to the business interests of the country a certain measure of immunity from early change.

Resolved, That the chamber of commerce of the state of New York invite the co-operation of the commercial and trade organizations of other cities and throughout the country in urging these views upon congress.

MISSISSIPPI FLOODS.

Conditions Above Greenville Decidedly Better—River Falling.

MEMPHIS, April 2.—The flood situation in the Mississippi delta above Greenville was decidedly better last night as to threatened loss of life and further destruction of levees. The half dozen crevasses on the Arkansas and Mississippi shores between Helena and Greenville have drawn an immense volume of water out of the main channel, which is spreading itself over the lowlands, but not with that degree of rapidity that cuts off escape to the inhabitants of the low countries. The river shows a decline from a point below Helena to the Wayside crevasse. The decline above Greenville in many places is as great as 10 inches. However, Helena, Ark., is not out of danger for the waters from the St. Francis basin in Arkansas are still swelling the channel of the main river from the mouth of the St. Francis to a point south of Helena is reached, 10 miles below that city. The worst at Helena will be

Death is looking in at the window

at thousands of suffering, pain-racked women, who proper measures would render healthy and happy. Every woman should know the importance of keeping in healthy condition those organs that make her a woman. If she neglects this, she will be a burden to herself, her husband and her children. She will lose happiness and love and life. It is easy for a woman to keep herself well and strong in a womanly way if she will only take the proper care of herself and use the right remedy for her peculiar troubles.

Dr. Pierce's Favorite Prescription is a boon to suffering women. It cures all disease and weakness of the organs distinctly feminine. It acts directly on those organs and makes them strong and healthy. It always inflammation, soothes pain and stops weakening drains. Taken during the period preceding menses it does away with the usual discomforts and makes baby's coming easy and almost painless. Druggists sell it. Substitutes are dangerous.

Miss Edith Cain, of Clinton, Allegheny Co., Pa., writes: "I take pleasure in expressing my faith in your Favorite Prescription. After two years of suffering I began taking Dr. Pierce's medicine and now I am entirely cured. I had been troubled with female weakness for some time and also with a troublesome drain on the system, but now I am happy and well. I will cheerfully recommend Dr. Pierce's Favorite Prescription to all invalid ladies."

Biliousness, indigestion, and constipation are cured in a thorough, natural, scientific way by Dr. Pierce's Pleasant Pellets. They clear the superfluous bile out of the blood, tone the stomach and cause the bowels to act comfortably and regularly. Headache, dizziness, heart-burn, sour stomach, foul taste in the mouth, biliousness, pimples, and palpitation of the heart are all caused by constipation, and constipation is cured positively by Dr. Pierce's Pleasant Pellets.

over by Sunday. The damage to the farming country in the delta cannot be exaggerated. Five counties will be for the most part under water for 30 days and the main line and branch lines of the Yazoo and Mississippi Valley road will have more than 100 miles of track inundated.

German Representatives.

BERLIN, April 2.—Dr. Von Stephan, the secretary of state for the imperial postal department; Herr Fritsch, departmental chief of posts, and Privy Councillor Neumann will represent Germany at the international postal congress in Washington.

Wayne County's Infirmary.

RICHMOND, Ind., April 2.—A number of superintendents of county infirmaries were recently visited the Wayne county home for the poor and pronounce it the model institution of the kind in the west.

MURDERED IN HIS OFFICE.

Charles L. Hastings of Jacksonville, Ills., Assassinated—C. L. Draper Locked Up.

JACKSONVILLE, Ills., April 2.—Charles L. Hastings, an abstract clerk in the law office of Judge E. P. Kirby, was found dead in the office yesterday, his body terribly cut and mutilated and the room showing traces of a desperate struggle. The cutting was done, to all appearances, with a pocketknife, and to cover the crime the assassin had cut the wrists of the murdered man to convey the idea of suicide.

Hastings was generally a very quiet man, but some time ago he and C. L. Draper, while employed in the same office, had a disagreement, and Draper had resigned and set up an abstract office of his own. Draper is considered a most exemplary man, but after the testimony before the coroner's inquest was heard it was decided to lock him up without bail.

WRECKED TOWN OF CHANDLER.

Little Progress Made in Searching the Ruins—Help Needed.

CHANDLER, O. T., April 2.—Although the tornado struck Chandler Tuesday night, very little search of the ruins has yet been made and it is feared that the deathroll may be considerably increased. Scores of injured are under the care of physicians who have come here from all parts of Oklahoma. None of the wounded have succumbed, although many suffer greatly and some of them cannot possibly recover. Nearly all of the men sleep in the streets where fires are kept blazing. The women are cared for in the few houses which were not destroyed or find shelter in the tents sent from surrounding towns. Fifty special policemen effectively protect the property of the citizens. A thousand people are homeless and half as many are without a thing in the world. Help on a large scale is needed.

Search in the ruins is necessarily slow

and a true list of the dead and injured cannot be made for several days yet.

FREIGHT WRECK.

Train Plunges Into a Washout—Two Persons Injured and One Missing.

SAVANNAH, April 2.—There was a disastrous and fatal wreck of a freight train on the Central railway between Tappanville and Oconee. A freight train ran into a washout and eight cars, the engine and cab were precipitated into the space for the distance of eight feet. Engineer Ryan had his leg broken. Fireman Grady was injured internally and Brakeman Bragg, it is feared, was killed as no trace of him can be found.

CLOSED ITS DOORS.

Steady Withdrawal of Funds Forces a Texas Bank to Quit.

COMANCHE, Tex., April 2.—Owing to the steady withdrawal of funds, the First National bank of this place has closed its doors. The recent failure of the Beeman-St. Claire company caused the run, as it was known that this company was largely indebted to the bank. No statement of the liabilities and assets yet made.

Heeded the Whitecaps' Warning.

MARTINSVILLE, Ind., April 2.—Rev. John Simmons, colored, eloped to Illinois with Tillie Burns, a white girl, aged 18, and they were married. They returned to Simmons' former home and seemed to be happy. Some days ago Simmons received a note signed whitecaps with the usual notice to leave or take the consequences. The house is now deserted and it is supposed he heeded the warning. No one knows where they have gone to. Simmons was a widower, 40 years old, with several small children.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1897: "My wife was taken with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

water and other soft drinks.

The fountain at Cox's Pharmacy

is being put into the "pink of

condition" to serve the best

water dispensed in Sey-

mour.

The American Tea Co. are not the

only pebble on the beach nor the only

cinder in the path, but are the only

low price grocers on high grade goods

in Seymour and their daily increasing

trade is the best proof. A special re-

duction on their goods has been made

and buyers of groceries should investi-

gate.

Destroyed by Fire.

The farm residence of Frank Sharr,

of near Freetown, was burned to the

ground one day this week while the

family were absent from home. A few

articles of clothing were saved by those

who discovered the fire.

Everybody says so.

Lower Court Sustained.

In the Appellate court yesterday

a decision was handed down in the case

of Becker against B. & O. S. W. railroad

affirming the decision of the lower

court. The suit is the result of differ-

ences between the town of Brownstown

and the railroad company over assess-

ments for street improvement.

A few years ago the town of Brown-

stown made some street improvement

under the Barrett law. The improve-

ment extended onto the property of

the railroad, for which the company

was assessed. This the company re-

fused to pay on the ground that the

assessment was illegal. This claim

against the company was sold to Jacob

Becker, of this city, who brought suit to

force payment. He was defeated in

lower court, which decision was sus-

tained by Appellate court.

THE TIMES-STAR, Cincinnati, O.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; and no more successful publisher than John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons; it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

BUSINESS NOTES.

Hibner & Thomas shipped a car of fat stock last night to Cincinnati.

Miss Amy Clark, of the Ridge, spent Thursday here on business.

Eli Marquette, of Jonesville, shipped a car of very fine stock to Cincinnati here last night.

David W. Hogan, of Indianapolis, who has been here on business went to Madison last night.

We know but one community in the world where dyspepsia is practically unknown, and that is the Shakers of Mount Lebanon, N. Y. These good people have been studying the subject of digestion for more than a hundred years, and that they understand it pretty thoroughly, is evidenced in the foregoing fact. Their Digestive Cordial is the safest and best remedy in cases of indigestion that we know of. A trial bottle can be had through your druggist for the trifling sum of 10 cents.

The Shaker Digestive Cordial supplies the system with food already digested, and at the same time aids the digestion of other foods. It will almost instantly relieve the ordinary symptoms of indigestion, and no sufferer need be told what these are.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, headache, indigestion, constipation, dizziness yield to Electric Bitters. Try it once. 50c and \$1.00 per bottle at W. F. Peter's successor to J. H. Andrews & Co., Drug Store.

SUFFERINGS AT THE FRONT.

Terrible Scenes That Followed the Battle of Cold Harbor.

General Horace Porter, in "Campaigning With Grant," in "The Century," telling of the battle of Cold Harbor, says:

The general in chief realized that he was in a swampy and sickly portion of the country. The malaria was highly productive of disease, and the Chickahominy fever was dreaded by all the troops who had a recollection of its ravages when they campaigned in that section of the country two years before. The operations had been so active that precautions against sickness had necessarily been much neglected, and the general was anxious, while giving the men some rest, to improve the sanitary conditions. By dint of extraordinary exertions the camps were well policed and large quantities of fresh vegetables were brought forward and distributed. Cattle were received in much better condition than those which had made long marches and had furnished beef which was far from being wholesome. Greater attention was demanded in the cooking of the food and the procuring of better water. Dead animals and offal were buried, and more stringent sanitary regulations were enforced throughout the entire command.

What was most distressing at this time was the condition of affairs at the extreme front. No one who did not witness the sights on those portions of the line where the opposing troops were in exceptionally close contact can form an idea of the sufferings experienced. Staff officers used to work their way on foot daily to the advanced points, so as to be able to report with accuracy these harrowing scenes. Some of the sights were not unlike those of the "bloody angle" at Spottsylvania. Between the lines where the heavy assaults had been made there was in some places a distance of 30 or 40 yards completely covered by the dead and wounded of both sides. The bodies of dead were festering in the sun, while the wounded were dying a torturing death from starvation, thirst and loss of blood. In some places the stench became sickening. Every attempt to make a change in the picket line brought on heavy firing, as both sides had become nervous from long watchfulness, and the slightest movement on either front led to the belief that it was the beginning of an assault. In the night there was often heavy artillery firing, sometimes accompanied by musketry, with a view to deterring the other side from attacking, or occasioned by false rumors of an attempt to assault. The men on the advanced lines had to lie close to the ground in narrow trenches, with little water for drinking purposes except that obtained from surface drainage. They were subjected to the broiling heat by day and the chilling winds and fogs at night and had to eat the rations that could be got to them under the greatest imaginable discomfort.

The Kaffirs.

If an ox should die, the owner never grieves, but remarks: "Now I must go to work for master (all white men who treat them well are called masters), and in six months he will give me a cow. It will have a calf. If it is a bull calf, in a year I'll have a pair of oxen, but should it be a heifer calf I'm all the richer, for the next year I'll have two calves instead of one."—New York Tribune.

BIG PAY FOR TEA TASTERS.

One Expert Is Reported to Receive a Salary of \$50,000 a Year.

"Since the Canadian Pacific railroad was completed and a line of steamers established from the orient," said a tea taster to a reporter, "immense cargoes of tea have been going there from China, Japan and other countries. It has been my business to examine and taste various samples from these cargoes. I have also visited Ceylon and nearly all of the tea growing countries of the orient to observe the mode of putting up the tea. It is astonishing the way they manage it adulterate it over there. The packers are so skillful that they slip in a great deal of inferior tea and work it off under good brands. This makes the merchants who afterward handle it complain. Packages of tea of a certain brand will be found all that could be desired, while other packages bearing the same brand and in the same cargo will be highly adulterated. As this tea is very costly, there is need of experts to examine it. They must be good ones, for everything depends for the time being on their judgment. A taster can only taste a few hours at a time, when he is weakened and has to take a rest. Besides this, when he begins a job of tasting, he must take special pains to get himself in shape for it. I was about six weeks getting myself ready for examining some cargoes in the warehouses here for the government. Before I began I did not taste intoxicants in any form and did not even smoke. At the same time I was careful not to eat strong peppers or spices, or, in fact, anything that could distort the taste. One must be in as perfect condition, in order to properly judge of the teas he tastes, as a horse is when prepared for the Derby. He must be at his best and must feel that he is. The best tea tasters of the country make enormous sums, considering the time employed; \$10,000 a year is a low sum, and oftentimes from \$20,000 to \$50,000 is made, and even more. I know a man in the business who made \$50,000. It all depends on his standing, the number of times he is called as a taster and what he can endure."—San Francisco Examiner.

HOW TO FIND OUT.

Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scaling pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

Lower Court Sustained.
In the Appellate court yesterday a
decision was handed down in the case
of Becker against B. & O. S. W. railroad
affirming the decision of the lower
court. The suit is the result of differ-
ences between the town of Brownstown
and the railroad company over assess-
ments for street improvement.

A few years ago the town of Brown-
stown made some street improvement
under the Barrett law. The improve-
ment extended onto the property of
the railroad, for which the company
was assessed. This the company re-
fused to pay on the ground that the
assessment was illegal. This claim
against the company was sold to Jacob
Becker, of this city, who brought suit to
force payment. He was defeated in
lower court, which decision was sus-
tained by Appellate court.

Two years ago R. S. Warren, a drug-
gist at Pleasant Brook, N. Y., bought a
small supply of Chamberlain's Cough
Remedy. He sums up the result as
follows: "At that time the goods were
unknown in this section; today Cham-
berlain's Cough Remedy is a household
word." It is the same in hundreds of

SCHOOL ENUMERATION

Soon to be Made Throughout the State.

The annual enumeration of all per-
sons of school age is soon to be made.
The law provides that this shall be
made between the 10th and 30th of
April each year. The enumerator takes
oath to strictly carry out the provisions
of the law.

The law makes it his duty to list
the names of parents, guardians or
other persons having charge of child-
ren of school age.

It is also required of him to list the
full name of each child enumerated
giving age and sex and having same
certified to by the person having charge
of child or children so enumerated.
These provisions make it almost im-
possible to "pad" enumerations, which
was so common under the old law.

The matters of transfers has always
given more or less trouble to school
authorities. The law clearly states that
the enumerator shall not list any per-
sons residing temporarily in his town-
ship, town or city for the purpose of at-
tending school or who are members of
a family staying temporarily in his
township, town or city, but whose actual
residence is elsewhere. In other words
such cases unless they have been
properly transferred they are not to be
enumerated. Transfers from one town-
ship to a town or city, should be made
at the time of taking the enumeration.
Trustees should be notified that such
transfers are to be made. Transfers
are to be noted as such.

Taking the enumeration is not an
easy task, but the work can be made
much easier if the people give the enu-
merator the assistance they can and
should.

Aug. J. Bogel, the leading druggist of
Shreveport, La., says: "Dr. King's New
Discovery is the only thing that cures
my cough, and it is the best seller I
have." J. F. Campbell, merchant of
Safford, Ariz., writes: "Dr. King's New
Discovery is all that is claimed for it; it
never fails, and is a sure cure for Con-
sumption, Coughs and Colds. I cannot
say enough for its merits. "Dr. King's
New Discovery for Consumption, Coughs
and Colds is not an experiment. It has
been tried for a quarter of a century
and today stands at the head. It never
disappoints. Free trial bottles at

The condition of Mr. W. S. Ray re-

his recovery. At the request of his
family the Democrat has refrained from
daily chronicling his condition, which
has gradually grown worse the past few
weeks. We write knowing that these

The B. & O. passenger trains are run-
ning on schedule time again and busi-
ness has largely increased in the past
few days.

during the heavy freight rush have re-
turned to handling the shovel again.

The Pullman palace car company has
bought 3,000,000 feet of lumber of an
Evansville firm for something like
\$200,000. It will take until next Aug-
ust to get out the lumber. It is all
hard wood.

The new folders just issued by the B.
& O. are for neatness and make up
superior to any work of the kind seen
here before. The folder is a book of
thirty pages, and in addition to time
tables is filled with valuable informa-
tion. The work should be in the hands
of every one contemplating traveling.

Since the receivers of the Baltimore
& Ohio decided to paint all the equip-
ments in royal blue, 179 passenger, bag-
gage, express, postal and dining cars
have been sent to the shops and have
been turned out adorned with the new
and distinctive color. The car shops
are re-painting, on an average, two cars
per day and it is hoped by fall the en-
tire passenger equipment will have been
thoroughly overhauled and re-painted.

LAWS IN EFFECT APRIL 15.

Copies Will be Ready for Proclamation by
That Time.

The secretary of state yesterday de-
livered to the attorney general and
judges of the Supreme court complete
copies of the session acts of the last leg-
islature. The work of printing and
binding these acts will be completed by
April 12, and they will be ready for
proclamation of the governor, putting
them into effect by April 15. This is
a remarkable record for the secretary's
office and the state printer. The ses-
sion laws have never before been pub-
lished before June 1, and it has some-
times been as late as September before
they were proclaimed.

anyone that has heard "Yank" laugh,

make one of the two guesses that they
either want to raise the dead down

others leave town—Columbus Republi-

Mrs. A. Inveen, residing at 720 Henry
St., Alton, Ill., suffered with sciatic
rheumatism for over eight months. She
doctored for it nearly the whole of this
time, using various remedies recom-

the physicians, but received no relief.
She then used one and a half bottles of
Chamberlain's Pain Balm, which ef-
fected a complete cure. This is pub-

ers similarly afflicted to know what
cured her. The 25 and 50 cent sizes for

What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, cures every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and sending pain to the bladder, and the following cases of liquor, wine or beer, and overeating that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar.
